

A stacked bar chart with 26 bars on the x-axis, labeled 'Position' from 1 to 26. The y-axis is labeled 'Frequency' and ranges from 0 to 100. Each bar is composed of segments of different colors, representing different categories. The colors used are light green, cyan, red, blue, orange, purple, and light blue. The total frequency for each position is generally 100, except for positions 1, 14, and 18 which are slightly over 100.
